Chairman's Report

E aku nui, e aku rahi, e hari koa ana te ngākau, ki te tuku ēnei paku kōrero atu ki a koutou, mo ngā tūmomo kaupapa, ngā piki me ngā heke i hāpaihia e Te Mana o Ngāti Rangitihi Trust.

Kua huri ano te tau, e aku raurangatira, kua tae anō tātau, ki tēnei wāhanga, hei hui tahi, hei kōrero tahi, hei whakarongo tahi ai tātau ki ngā pūrongo kōrero katoa, e pā ana ki tō tātau poari.

It is again my privilege to report on the progress that Te Mana o Ngāti Rangitihi Trust is achieving and to present the Annual Report for the year ended 30 June 2013.

This has been a particularly busy year with the CNI Mana Whenua process taking up significant amounts of time and resources of Te Mana in researching our rohe and negotiating our mana whenua interests in CNI forests land.

Te Mana has also completed a te reo education strategy for Ngāti Rangitihi and advanced this with a Ministry of Education contract leading to planned implementation in 2014.

Acting Chief Executive

I would like to take this opportunity to thank Harina Warbrick (Trustee) who at short notice stepped into the role of Acting CEO for an extended period and in that time undertook a review of operations and implemented the recommendations approved by the Board.

Appointment Hāpai-Ō (CEO)

After an extended search, the Board appointed Anthony Olsen (Ngāti Tūwharetoa, Ngāti Rangitihi) who on 8 July 2013 commenced in the role of Hāpai-Ō.

In the three months since Anthony joined Te Mana he quickly familiarised himself with the Trust's broad range of activities and the wide experience he brings is providing renewed impetus to the organisation in meeting its strategic objectives.

Of note is the progress we have made with Te Mana's engagement in the regional council, district council, CNI Mana Whenua process and in seeking a mandate from Iwi to complete a comprehensive settlement of all Ngāti Rangitihi historic Treaty claims with the Crown.

Kaitiaki

Environmental

Te Mana continues to fulfil its kaitiaki role providing practical guidance on resource management issues that impact on the environment within the rohe of Ngāti Rangitihi.

Te Mana and its partners Bay of Plenty Regional Council and Boffa Miskell Ltd received the Nancy Northcroft Planning Practice Award for the Ngāti Rangitihi Iwi Environmental Plan.

This award is New Zealand Planning Institute's supreme award for excellence in planning practice and our staff deserve high praise for this achievement as our competitors included Auckland Super City and Christchurch City Councils.

Otaramuturangi

Te Mana is awaiting the decision of the Maori Land Court, following an application by Te Runanga o Ngati Awa seeking the reversal of a 1963 Court decision vesting the urupā Otaramuturangi in Ngāti Rangitihi for its exclusive use. This ancient urupā is sited near the outlet of the Tarawera River.

Te Mana opposed the application and Ngati Rangitihi continues to welcome trustees from both these iwi to administer this urupā. The Court decision is pending.

CNI lwi Holdings Ltd - Mana Whenua Process

Background:

In July 2009 CNI Iwi Holdings Ltd received the proceeds of the CNI Iwi Collective settlement agreement negotiated with the Crown in 2008. This included title to all 176,000 hectares of CNI forests land held on behalf of CNI Iwi.

Included in this agreement is the CNI Mana Whenua process which provides CNI Iwi with a unique opportunity to set aside past conflicts, repair damaged relationships and restore mana negated by over a century of Crown action that was hostile to iwi in, and around, the Kaingaroa.

Principally we see this being achieved by CNI lwi exercising their mana over the CNI forests land unfettered by any Crown interference. This will enable long term sustainable agreements to be reached between CNI lwi, based on recognising the traditional connections each have with CNI forests land and, importantly, results in keeping the iwi together.

Progress to Date:

Te Mana has participated in the on-going CNI Mana Whenua allocation process that aims to have determined each iwi's interests in this land by 30 June 2014. Negotiations have intensified this year with participation in bi-weekly hui for the most part between all eight CNI lwi and this is in addition to individual kanohi ki te kanohi iwi hui.

Te Mana has continued to support the principle of holding all Kaingaroa forests land in one title in recognition of the complex array of Mana Whenua interests CNI lwi have in the Kaingaroa and to ensure all CNI lwi share in the future prosperity generated by collective endeavour.

But of most significance this reflects tikanga, and promotes the fundamental iwi principles of whanaungatanga, manaakitanga, and kotahitanga.

We have achieved much in the CNI, having built stronger relationships than that which existed before 2008 between Ngāti Rangitihi and all our fellow CNI lwi.

Kaingaroa Crown Forest Licences (CFL'S)

A series of "lockdown" hui held this year between CNI lwi has resulted in agreement to hold Kaingaroa CFL land blocks totalling 141,000ha under one title with negotiations continuing as to the share of economic benefit that each CNI lwi receives post 2044, when the current CNI settlement agreement expires.

The Kaingaroa forests land blocks are the eleven Crown Forest Licences identified as: Whirinaki, Pukuriri, Matea, Wairapukao, Caves, Flaxy Creek, Headquarters, Northern Boundary, Reporoa, Totara and Waimaroke.

Most of the Kaingaroa CFL's where Ngāti Rangitihi is claiming Mana Whenua interests will likely go to adjudication, a position we tried to avoid but one iwi is claiming exclusive Mana Whenua interests and preventing settlement with Ngāti Rangitihi and other CNI lwi.

Satellite Crown Forest Licences

The satellites are those twelve Crown Forest Licence blocks totalling 35,000 ha that are outside the Kaingaroa, and those CNI lwi with Mana Whenua interests here are close to full agreement on a majority of these blocks.

The negotiations between Ngāti Rangitihi, Ngāti Whakaue and Tuhourangi are close to completion over Tokorangi, Whakarewarewa, Highlands, Waimangu and Crater CFL blocks.

Investment Portfolio

CNI Iwi Holdings Ltd (CNIIHL) Forests Land Rentals:

The CNI forest estate continues to provide on-going land rental income to Te Mana which has been further secured following completion of a long term agreement with the forest owning companies.

This agreement will reduce volatility while providing for annual increments of rentals for the next decade ensuring an ever increasing rental stream for Te Mana as a shareholder of CNIIHI.

Equity/Bond Investment Portfolio:

Te Mana has a conservative investment strategy and through our investment adviser Forsyth Barr has achieved a net return of 18.8% since inception in 2011 to 30 June 2013 which equates to an annualised net return of 8.6%.

Over the 2013 year we have been reducing the amount we have invested in bonds to reduce our exposure to interest rate volatility. We now have approximately 60% invested in bonds compared with last year when bond investments were 80% of our investment portfolio.

We will continue building the equity portfolio investing in shares of leading companies.

Matatā Land Purchase

Since balance date Te Mana has purchased a vacant section at 43 Arawa St, Matatā in anticipation of establishing an office and iwi facility building.

This site was for many decades Mo Lees general store.

Kaingaroa Timberlands Investment

The Land Manager for CNIIHL has negotiated an option for iwi shareholders of CNIIHL to purchase a stake in Kaingaroa Timberlands (KT).

KT is the entity owned by NZ Super Fund, Public Sector Pension Board (Canada) and Harvard Management Company (Harvard University USA) that, amongst other forests, owns most of those forests grown on CNI land which are valued between \$2.2 and 2.5 billion.

As part of a strategic approach to investment in forest as an asset class Te Mana has joined a CNI lwi group undertaking due diligence on an investment in KT.

Acknowledgement

I thank my fellow Board members and staff for their valuable contributions.

Mā tou rourou, mā tōku rourou ka ora ai te iwi.

Graham Pryor Chairman

Te Mana o Ngāti Rangitihi Trust

Hāpai-Ō (Chief Executive) Report

Tena koutou katoa, kei ngā rangatira, kei ngā whanaunga katoa o Ngāti Rangitihi

Ngā mihi mahana, ngā mihi aroha ki a koutou i runga i te kaupapa nei.

As many of you know I took up the position as Hāpai-Ō of Te Mana o Ngāti Rangitihi Trust at the beginning of July this year. I am driven by supporting Ngāti Rangitihi achieving its cultural, social and economic aspirations

While I come from an academic background in environmental science and a professional background in tourism, aviation and property management; it has been returning home to Matatā and the Tarawera Valley that has allowed me to take all of that experience and knowledge and make it mean something.

I am encouraged by the progress Te Mana has made as an organisation over the past 12 months. In support of the Board we have identified areas that require improvement and we are well placed now to deliver on the objectives set out in the strategic plan for the benefit of Ngāti Rangitihi.

Effective communication, as well as the ability of Ngāti Rangitihi to participate in tribal activities is vital to ensure we grow our affiliation base and the protection and enhancement of our unique Ngāti Rangitihi culture, identity and Reo. Whakapapa is the foundation of our identity as Ngāti Rangitihi. It underpins the whanaungatanga that through our history and traditions places us on our whenua and ties us together.

The Kaitiakitanga of our economic base will ensure that our resources grow and are available to meet the needs and aspirations of our whanau, hapu and lwi.

As you will have seen already we will shortly be commencing our Trust Deed Review. Before commencing the review we

had to understand and set the parameters for the review. As many of you will appreciate as part of our agreement with the Crown in the CNI settlement Te Mana o Ngāti Rangitihi Trust needed to agree on the structure of that Deed prior to settlement. In a nutshell this means that while there are parts of the Deed that can be reviewed and subsequently amended, there are a number of parts that are set as per our settlement legislation. Once we identify what parts of the Deed could actually be reviewed we will hui with our facilitator to agree the review framework.

I look forward to our journey together and the outcomes from our decisions that will benefit us all.

Puritia tāwhia kia ita; Te mana tipuna; Te mana whenua; Te mana tangata.

Hold fast and firm; To our inherited authority; To our right to this land; To our freedom and right to self determination

Anthony Olsen

Hāpai-Ō (Chief Executive)

Te Mana o Ngāti Rangitihi Trust

Financial Report

Group Financial Statements for the year ending 30 June 2013

Auditor's Report

Independent auditor's report

To the Trustees of Te Mana o Ngati Rangitihi Trust

We have audited the accompanying financial statements of Te Mana o Ngati Rangitihi Trust ("the trust") and the group, comprising the trust and its subsidiaries, on pages 3 to 12. The financial statements comprise the statements of financial position as at 30 June 2013, the statements of financial performance and changes in trust funds for the year then ended, and a summary of significant accounting policies and other explanatory information, for both the trust and the group.

Trustees' responsibility for the trust and group financial statements

The trustees are responsible for the preparation and fair presentation of trust and group financial statements in accordance with generally accepted accounting practice in New Zealand, and for such internal control as the trustees determine is necessary to enable the preparation of trust and group financial statements that are free from material misstatement whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these trust and group financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing (New Zealand). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the trust and group financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the trust and group financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the trust and group's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the trust and group's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates, as well as evaluating the presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other than in our capacity as auditor we have no relationship with, or interests in, the trust and group.

Opinion

In our opinion the financial statements on pages 3 to 12 present fairly, in all material respects, the financial position of the trust and the group as at 30 June 2013 and the financial performance of the trust and the group for the year then ended, in accordance with generally accepted accounting practice in New Zealand.

1. Statement of Accounting Policies

Reporting Entity

Separate financial statements for the Te Mana o Ngāti Rangitihi Trust ("the Trust") and consolidated financial statements are presented. The consolidated financial statements of the Trust as at and for the year ended 30 June 2013 comprise the Trust and its subsidiary Te Mana o Ngāti Rangitihi Charitable Trust (together referred to as "The Group"). The financial statements are general purpose statements which have been prepared according to Generally Accepted Accounting Practice in New Zealand (NZ GAAP).

Statement of Compliance and Basis of Preparation

The Trust qualifies for differential reporting as it is not publicly accountable and there is no separation between the owners and the governing body. The Trust has taken advantage of available differential reporting exemptions, other than FRS9 where the Trust has detailed full disclosure of information in the Statement of Financial Performance.

The accounting principles recognised as appropriate for the measure and reporting of the financial performance and financial position on a historical cost basis are followed by the Trust. The information is presented in New Zealand dollars.

Specific Accounting Policies

The following specific accounting policies which materially affect the measurement of the Financial Performance and Financial position have been applied:

(a) Revenue

Revenue is recognised when earned and is reported in the financial period to which it relates

(b) Receivables

Receivables are recognised at estimated realisable value.

(c) Plant Property and Equipment

Property, plant and equipment are recognised at cost less aggregate depreciation. Depreciation has been calculated using the maximum rates permitted by the Income Tax Act 2007. Gains and losses on disposal of fixed assets are taken into account in determining the operating result for the year

Plant & Equipment 30% DV Furniture & Fittings 13.0% – 15.6% DV Motor Vehicles 30.0% - 50.0% DV

(d) Income Tax

The income tax expense recognised in the Statement of Financial Performance is the estimated income tax payable in the current year, adjusted for any differences between the estimated and actual income tax payable in prior years.

(e) Investments

Investments are stated at cost.

(f) Goods and Services Taxation (GST)

Revenues and expenses have been recognised in the financial statements exclusive of GST except that irrecoverable GST input tax has been recognised in association with the expense to which it relates. All items in the Statement of Financial Position are stated exclusive of GST except for receivables and payables which are stated inclusive of GST.

(g) Principles of Consolidation

Subsidiaries are those entities controlled, directly or indirectly, by the Group. The financial statements of subsidiaries are included in the consolidated financial statements using the purchase method of consolidation. The effects of intragroup transactions are eliminated in preparing the consolidated financial statements.

6. Shares in Tukia Group Limited / Tukia Carbon Limited Partnership

The Trust owns 16.67% shareholding in Tukia Group limited, the same position as each of the other five iwi shareholders of Tukia Group who are; Ngāti Manawa, Ngāti Whare, Ngāti Tūwharetoa, Ngāi Tūhoe and Raukawa.

Tukia Group was established in September 2009 and actively investigated and evaluated a number of significant investment opportunities in geothermal energy generation at Tauhara near Taupo, replanting CNI forests land, investing in the existing 176,000ha CNI forest estate and establishing carbon forests.

The Trusts investment in Tukia Group was written down in 2012; Tukia continued to trade up until 30 June 2013 at which time the shareholders agreed to cease operations and hand back to CNI Iwi Holdings Ltd the land management contract and an option negotiated by Tukia to purchase a stake in the existing CNI forest estate.

The assets with value remaining in Tukia Group are cash and intellectual property held on Tauhara geothermal steamfield development. A decision by Tukia shareholders is imminent regarding disposal of these assets.

The Trust invested \$37,500 up to 30 June 2012 in Tukia Carbon Limited Partnership.

The Trust owns a 16.67% share in Tukia Carbon Limited Partnership, Tūhoe owns 58.57%, Tūwharetoa 14.77%, and the balance is owned equally by, Ngāti Manawa, Ngāti Whare and Raukawa.

Tukia Carbon entered into a carbon venture called CO2 New Zealand Management Co. Ltd in which Tukia owned 45%, CO2 Aust. Ltd 45% and Carbon Energy Partners Ltd 10%.

At balance date Tukia Carbon interests in CO2NZ were evaluated by Trustees and decided a full impairment of this investment was justified.

In November 2013, Tukia Carbon limited partners accepted an offer from CO2 Aust. Ltd to purchase its stake in CO2NZ for \$45,000 the Trusts share will be \$7,500.

8. Contingent Assets

As a beneficiary of the CNI lwi Holdings Trust, Te Mana o Ngāti Rangitihi Trust will be entitled to receive title to specific forests land currently held by the CNI lwi Holdings Trust. The exact land eligible to be transferred will be determined through the Mana Whenua process which is currently underway between the eight beneficiaries of the CNI lwi Holdings Trust.

Once this due process is completed and there is unanimous agreement by trustees of CNI Holding Trust then land may be transferred. Te Mana o Ngāti Rangitihi Trust has the right, after 2044, to receive all income directly generated from its forest land as determined by the Mana Whenua process.

As the Mana Whenua process has not yet been determined, or has yet to

specifically identify what land will be distributed to the Trust, no asset has been recognised in these financial statements.

Should Te Mana o Ngāti Rangitihi Trust receive the mandate to negotiate directly with the Crown then it will also negotiate for the return of culturally significant land to the Trust which forms part of the CNI forest land.

Financial Statements

9. Related Parties

CNI lwi Holdings Limited is a corporate trustee of the CNI Iwi Holdings Trust. Graham Pryor and Kenneth Raureti are directors of CNI lwi Holdings Limited. Graham Pryor is also a director of Tukia Group Limited, a company in which the Trust has a 16.67% shareholding.

All trustees receive an annual trustee fee for their services provided to the Trust and other fees determined by the trustee remuneration policy.

10. Contingent Liabilities

The Trust has no contingent liabilities as at 30 June 2013 (2012-Nil).

11. Capital Commitments

The Trust has purchased a section of land to the value of \$90,000 in Matata (July 2013) for the intended erection of an Office and Iwi Facility building (2012-

12. Subsequent Events

There are no subsequent events since balance date.

2. Board of Trustees Payments

Payment to Board Members under the Trust Deed

Under the Trust Deed, clause 8.9, there is a provision for the payment of remuneration to the trustees. This includes reasonable remuneration for the Trustees, Chairperson and Deputy

Chair paid out of the Trust Fund. Such remuneration may be prescribed and approved in the form of a meeting fee or as a total amount payable per annum; and also in the form of full reimbursement of all expenses properly authorised and incurred by that trustee in conducting duties as a trustee.
